

JAPN1099 Japanese language I (Part 2)

Second semester of 2023-24

Registration Issue

- * This introductory course is designed for students who have completed JAPN1088 and intend to major or minor in Japanese Studies. If you have not completed JAPN1088 and have prior knowledge of the Japanese language, please register for the appropriate placement test. The placement test registration details will be available in the [SMLC News & Events](#) around early January. You may also refer to appendix-1 below to consider if this course is suitable for you or not.
- * You must attend all the classes **from the first week**, whether you are not yet approved and in pending, as long as you wish to take this course.
- * **Please note that we will not be able to reply** to any individual inquiry about your application result, the status of the application process, the reason for disapproval, or an appeal for reconsideration after being disapproved. However, until the add/drop period ends, the possibility of being approved by keeping on re-applying remains, although there is no guarantee of approval.
- * **Major in Japanese Studies or Minor in Japanese Language**
This course is for students who are determined and have a practical and realistic academic plan to complete a major or minor in Japanese Studies. Year 2 students must declare their major/minor before the course application. Students are strongly encouraged to enroll in all pre-requisite courses for the Major in Japanese Studies or Minor in Japanese Language. Also, a change of status (such as the declaration of major/minor or previous study record of the language) in the application after approval might lead to revocation of approval.
- * **Change of Grammar Class (Lecture) registration**
The change of Grammar subclass can be done only by dropping the current class registration and re-applying for the subclass you wish to change to during the add/drop period (even if it is due to a time clash with another course). Once registered, you must always attend the subclass you originally registered. Attendance in other subclasses shall not be counted nor permitted. Whether the new application will be successful or not is NOT guaranteed.
- * **Late drop after the add/drop period**
The course DOES NOT SUPPORT "Late Drop" of the course after the add/drop period. Please make a careful decision as to whether or not you can make a commitment to the course before the end of the add/drop period.
- * **Skill class (Tutorial) registration**
JAPN1099 also provides students with one Skill class in addition to two Grammar classes per week. Once your registration for the Grammar class is approved, please sign up for one Skill class in the Tutorial sign-up system. **The skill class will start in the week of 22 January 2024.**
 - 1) Skill Class Registration Period
Please follow the path below and sign up for the Skill class from **9 AM on 17 January to 4 PM on 29 January 2024**. The Skill class registration is on a first-come-first-served basis. No confirmation of Skill class registration will be sent.

Login Portal → click 'My eLearning' → Tutorial Sign-up → Click the 'Register' hyperlink and access to choose tutorial groups.

2) Change of Skill class subclass

If students wish to change the skill class subclass after the skill class registration period due to a time clash with another course, the students must inform both the teachers of the original and new subclasses by email with an attachment of the screenshotted SIS timetable by **23:59, 30 January 2024**. Students would receive further instruction then.

3) Skill class schedule and venue

The skill class schedule is subject to change. Please check the schedule and venue on Portal again when it is close to the skill class registration period. You may also check the timetable posted on the 5/F Run Run Shaw Tower notice board or the School website before going to the first class.
